

PB3500 CRAWLER DUMPER

Crawler Dumper compact, free to walk in a narrow space. Can meet the needs of water conservancy construction, orchard transportation, mountain climbing, there will be changes without prior notice

PRODUCT ADVANTAGE

1. Can be transported on muddy and icy roads
2. Self-unloading design, crawler-type walking, greatly expand the use capacity
3. The size can be customized according to project
4. Strong bearing capacity, excellent climbing performance, simple operation and convenient maintenance

PRODUCT DESCRIPTION

MODEL	PB3500/ENGINEERING STYLE
VEHICLE SIZE	3400*1600*1700(MM)
CHASSIS SIZE	1950*1600*4500(MM)
CARGO SIZE	2000*1600*4000(MM)
POWER	30HP/2200R/MIN
HIGHT ABOVE GROUND	250MM
DRIVING SPEED	8KM/H
CURB WEIGHT	1850KG
MAXIMUM LOAD	3500KG
WADING DEPTH	400MM
FORDING DEPTH	500MM
MAXIMUM CLIMBING ANGLE	30 DEGREE
TRACK WIDTH	400MM
TRACK WIDTH	1800MM

PB1000-1 CRAWLER DUMPER

Crawler Dumper compact, free to walk in a narrow space. Can meet the needs of water conservancy construction, orchard transportation, mountain climbing, there will be changes without prior notice

PRODUCT ADVANTAGE

1. Can be transported on muddy and icy roads
2. Self-unloading design, crawler-type walking, greatly expand the use capacity.
3. The size can be customized according to project
4. Strong bearing capacity, excellent climbing performance, simple operation and convenient maintenance

PRODUCT DESCRIPTION

MODEL	PB1000-1/CRANE STYLE
VEHICLE SIZE	1700*960*1100(MM)
CHASSIS SIZE	1200*960*450(MM)
CARGO SIZE	1300*960*360(MM)
POWER	8.0K.W/2200R/MIN
HIGHT ABOVE GROUND	250MM
DRIVING SPEED	6KM/H
CURB WEIGHT	700KG
MAXIMUM LOAD	1000KG
WADING DEPTH	300MM
FORDING DEPTH	200MM
MAXIMUM CLIMBING ANGLE	30 DEGREE
TRACK WIDTH	280MM
GROUND LENGTH	1100MM
MAXIMUM LIFTING WEIGHT	500KG

PB1500 CRAWLER DUMPER

Crawler Dumper compact, free to walk in a narrow space. Can meet the needs of water conservancy construction, orchard transportation, mountain climbing, there will be changes without prior notice

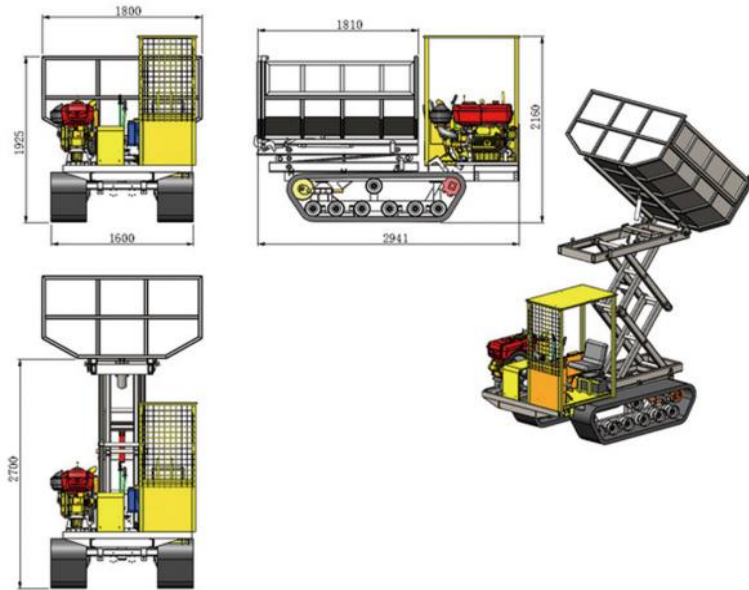

PRODUCT ADVANTAGE

1. Can be transported on muddy and icy roads
2. Self-unloading design, crawler-type walking, greatly expand the use capacity.
3. The size can be customized according to project
4. Strong bearing capacity, excellent climbing performance, simple operation and convenient maintenance

PRODUCT DESCRIPTION

MODEL	PB1500
VEHICLE SIZE	2300*950*1300(MM)
CHASSIS SIZE	1350*950*500(MM)
CARGO SIZE	1350*950*500(MM)
POWER	8.2K.W
PEDAL HEIGHT	340MM
DRIVING SPEED	7.3KM/H
CURB WEIGHT	700KG
MAXIMUM LOAD	1500KG
WADING DEPTH	250MM
FORDING DEPTH	180MM
MAXIMUM CLIMBING ANGLE	30 DEGREE
TRACK WIDTH	230MM
GROUND LENGTH	1000MM

PB2000-2 CRAWLER DUMPER

Crawler Dumper compact, free to walk in a narrow space. Can meet the needs of water conservancy construction, orchard transportation, mountain climbing, there will be changes without prior notice

PRODUCT ADVANTAGE

1. Can be transported on muddy and icy roads
2. Self-unloading design, crawler-type walking, greatly expand the use capacity.
3. The size can be customized according to project
4. Strong bearing capacity, excellent climbing performance, simple operation and convenient maintenance

PRODUCT DESCRIPTION

MODEL	PB2000-2
VEHICLE SIZE	22940*1600*2160(MM)
CHASSIS SIZE	1950*1600*450(MM)
CARGO SIZE	1800*1600*800(MM)
POWER	30HP
LIFTING HEIGHT	270MM
HEIGHT ABOVE GROUND	300MM
DRIVING SPEED	10KM/H
MAXIMUM LOAD	3000KG
WADING DEPTH	400MM
FORDING DEPTH	400MM
MAXIMUM CLIMBING ANGLE	30 DEGREE
TRACK WIDTH	280MM
GROUND LENGTH	1600MM
CURB WEIGHT	1570KG

PB2000-3 CRAWLER DUMPER

Crawler Dumper compact, free to walk in a narrow space. Can meet the needs of water conservancy construction, orchard transportation, mountain climbing, there will be changes without prior notice

PRODUCT ADVANTAGE

1. Can be transported on muddy and icy roads
2. Self-unloading design, crawler-type walking, greatly expand the use capacity.
3. The size can be customized according to project
4. Strong bearing capacity, excellent climbing performance, simple operation and convenient maintenance

PRODUCT DESCRIPTION

MODEL	PB2000-2
VEHICLE SIZE	22940*1600*2160(MM)
CHASSIS SIZE	1950*1600*450(MM)
CARGO SIZE	1800*1600*800(MM)
POWER	30HP
LIFTING HEIGHT	270MM
HEIGHT ABOVE GROUND	300MM
DRIVING SPEED	10KM/H
MAXIMUM LOAD	3000KG
WADING DEPTH	400MM
FORDING DEPTH	400MM
MAXIMUM CLIMBING ANGLE	30 DEGREE
TRACK WIDTH	280MM
GROUND LENGTH	1600MM
CURB WEIGHT	1570KG

PB2000-4 CRAWLER DUMPER

Crawler Dumper compact, free to walk in a narrow space. Can meet the needs of water conservancy construction, orchard transportation, mountain climbing, there will be changes without prior notice

PRODUCT ADVANTAGE

1. Can be transported on muddy and icy roads
2. Self-unloading design, crawler-type walking, greatly expand the use capacity.
3. The size can be customized according to project
4. Strong bearing capacity, excellent climbing performance, simple operation and convenient maintenance
